著者:Matthew Carmona

出版者:Routledge

出版时间:1998-8-25

装帧:Hardcover

isbn:9780419224105

This book examines the design policies in current development plans. With design quality of growing importance to the public, consumers, developers and their clients,

and high on the Secretary of State's agenda, this book makes an important practical contribution to improving design control. With the increasing importance attached to district-wide development plan policies since 1991, local planning authorities and community groups have an important opportunity to improve their control over the built environment. This research text explains how clear, comprehensive and effective policies can be researched, written and implemented.

发现pink  
book是carmona教授刚博士毕业以后就写的书也是惊呆了，虽然在那个讲座里他一直强调内容现在有点过时了但还是很多很多值得思考的问题在里面
