出版者:Sterling Pub Co Inc

出版时间:2005-8

装帧:Paper

isbn:9780713489316

A fully illustrated colour book that combines various lace-making techniques and patterns with the craft of fan making. The lace patterns as well as general instructions

are complemented by photography of the finished work. The book covers: A short history of fans with special emphasis on lace; How to make a fan, from design to finished product; Bobbin lace fans; Experimental Bobbin lace fans with colour; Embroidered lace fans; Needlelace fans; Mixing lace techniques; Themed lace fans; Dimensional and double-sided lace fans; Lace stick fans. A beautifully illustrated colour book to showcase some of the best lace-making around today. It will inspire all lace-makers looking for a new direction.
