/*0205458092, Boosalis, Beating the CSET!, 1e*/Beating the CSET! will help both pre-service and practicing teachers in California pass the CSET Multiple Subjects Subtests I - III. Because passing the CSET Multiple Subjects test is now required for an

elementary credential in California, this new text has been designed to address the essential time-management methods, essay and multiple-choice strategies, and content that test takers must master in order to passSubtests One through Three of the exam. Unlike other preparation books, this text does not simply offer a copy of MSAT materials. Instead, the content, constructed-response and multiple-choice strategies, and special time-management models for the tests are all research based and tailored to CSET Multiple Subject content in great detail.
