出版者:Blackwell Pub

出版时间:2009-6

装帧:HRD

isbn:9781405150903

The latest in our successful dairy science series, this book details the state-of-the-art

manufacturing methods for cream, butter and various types of low-fat spreads. Coverage of the manufacturing technologies is complemented by examinations of the relevant nutrition issues and analytical methods. The authors, who are all specialists in their fields in respect to these products, have been chosen from around the world.
