isbn:9780855328023

Painting on silk is a popular pastime. Silk paints and materials are now widely available, and the craft is much easier than it looks. This guide presents step-by-step colour photographic sequences to show how easy it is to do. The book also contains ten projects for scarves, cushion covers, greetings cards and wall-hangings, in which

readers combine the natural beauty of silk with silk paints to create attractive items.
