Score the paper, make a cut and give it a fold; that's gupit-gupit, the art of creating amazing three-dimensional sculptures. The name comes from Tagalog, the national language of the Philippines and it means "cut cut." Master Ben A. Gonzales, a native

Filipino, illustrates all the techniques in this unique collection of paper animals - and both kids and adults will love constructing them. It's easy: each creature is made from only a single sheet, directions are laid out in a straightforward manner and the large patterns proceed logically from simple forms to the more complicated. (The number of stars next to each project gives the level of difficulty). Choose from a butterfly, bear, kangaroo, swan, squirrel, Tyrannosaurus rex, whale and many others.
