装帧:Pap

isbn:9781561588381

This book is ideal for fitting a shop for the first time, or expanding an existing shop. "Setting Up Shop, Revised" takes the practical knowledge and ingenious solutions of the first edition and combines them with additional photos and drawings to create the

most comprehensive workshop book on the market. Includes new photos and also updates on technology especially regarding dust collection, pneumatic tools and safety. With guidance on the best shop location, shop layout, equipping the shop with tools and accessories, shop safety and storage.
