Now there's a hip way for crafters to bring family history into their daily lives. "Collage Lost and Found" combines basic collage techniques and found objects to create edgy and unusual crafts with not only style, but a story to tell as well. Highlights include: 20

step-by-step projects with easy, fashionable designs for greeting cards, magnets, necklaces, journals and more; sassy and alluring artwork that reflects the author's old-world Sicilian upbringing and her fascination with a bygone era; and inspirational photo galleries packed with ideas, as well as information on basic collage, collecting ephemera and jewelry techniques. Readers won't be able to resist these clever ideas for turning long-forgotten treasures into items they can wear, display or send!
