These fashionable crochet projects use yarn from Paton's, well-known for its high-quality product and cutting-edge designs. Everything is fresh, young, and colorful--and even beginners will be able to do them, thanks to the helpful basics section. Select from summer ensembles, elegant holiday outfits, springtime glamour,

and accessories. Coordinate a tropical-bright beach cover-up and halter top with a pretty purse--or crochet a classic V-neck with a flattering tie. Each project comes with details on sizing the garment, choosing the hook, materials, and yarn tension.
