This all-in-one CD-ROM allows users to watch master quilter Jinny Beyer demonstrate hand piecing techniques and practice right alongside her. Video sequences, accessed through the Web browser, demonstrate precise hand movements for eight key techniques, from threading a needle to piecing an eight-pointed star. To make each skill easier still, step-by-step directions are a mouse click away, with dozens of detailed color photographs. Easy to navigate and compatible for PC or Mac, this CD includes a complete pattern for an original Jinny Beyer quilt.
