From "A is for Ark" to "Z is for Zacchaeus," The Toddler's ABC Bible Storybook helps young children explore biblical objects, characters, places, and events, all the while reinforcing their ABCs. Each of the 26 entries includes a short explanation of the Bible story that goes with it. These brief summaries, along with the big, bright, colorful illustrations, keep children engaged. Now you can help your children become familiar with the alphabet, learn about God's love, and begin their journey toward biblical literacy-all with one book
