Chad waved and shouted and then screamed as the snowplow bore down on him. It was clear the driver couldn't see or hear him. 'Dad!' he shouted, and the plow came hurtling by, dumping hundreds of pounds of snow in the ditch, covering Chad. When a blizzard cuts off communication and supplies to a small community in Northern Alaska, Chad and Dad are forced to make a perilous journey across land and sky to save those who are gravely ill---including Kate---in the third dramatic AirQuest Adventures book!
