Brian McFarlane, one of hockey's best known and most respected historians, has

gathered stories from the very first organized game of hockey, to the Olympic gold-medal face-off between Canada and the US at the 2002 Olympics. Whether through a story of courage – such as Mario Lemieux’ s comeback from cancer – or through a story of the ridiculous – such as the notorious flying hot dog – Real Stories from the Rink presents tales about men’ s and women’ s hockey that cover players of every position, as well as coaches. It also includes the kind of statistics and records that are dear to every hockey fan.
