isbn:9781929766468

This deceptively simple, excitingly illustrated board book is based on a telling theme - that baby animals are known by names quite different from their parents (cow and calf, goat and kid). The text is perfectly targeted to the youngest children, who will thoroughly enjoy lifting the flaps and matching the baby animals to their mothers. The sumptuously colorful illustrations are sure to catch the rapt attention of the smallest child.
