Bee can't understand what her father sees in Jazz. Ever since Bee's mom died, she, her dad, and her two guinea pigs, Fifi and Lulu, have been getting along just fine. Now Bee is supposed to welcome Jazz, with her banded skirts and her rock-hard scones and her new way of looking at everything. Imagine how Bee feels when her dad invites Jazz to move in. Life certainly gets more complicated, especially after Bee discovers that there is something big that Jazz has not told Dad. Yet knowing the secret makes Bee see another side of Jazz, one that oddly enough makes Bee more comfortable. Full of warmth and humor, this novel looks at loss, trust, and acceptance from the viewpoint of a young girl.
