On an unforgettable night of murder and mayhem, Kathryn meets the Travelers and awakens to her true Fey nature. She and her witchy friend Merrin help the Sdhe find the ones responsible for the bombs, fires, and terror wreaked on the Southside of New Rathmore. Trouble escalates when Robin, son of Puck and Hunter the forest god, is kidnapped. Is Michael Blacker's Fundamentalist Christian cult behind these despicable acts? Can Hunter and the Sdhe rescue Robin before the young god becomes another casualty of this twisted "Inquisition?"
