A New York Times Bestselling Author When Ike Grantham paid her for her graphic design work with a run-down nineteenth-century carriage house on Boston's North Shore, and then disappeared, Tess found herself with much more than a weekend project. It's not just the rumors that the house is haunted. It's the neighbors: six-year-old Dolly, her reclusive babysitter, and her father, Andrew Thorne, who has his own ideas about why Tess has turned up next door. Available only in Americana 4 & 5.
