Strange things are happening to divorced mother-of-two Birdie Lee since the Horrible Swiffer Accident. She can sense danger (for example, a carload of speeding teenagers without seatbelts) and spring into action with superhuman speed. She can find out what her daughter is doing on the Internet without even having to snoop. And she's got cleaning powers ordinary women can only dream of.

Warm, witty, and full of heart, Confessions of Super Mom is the tale of a woman who dares to take a stand against everything from stubborn stains to smug exes to corporate CEOs-and winds up defeating evil in some very unexpected ways.
