In this fascinating new knitting collection, Australian knitwear designer Jo Sharp receives inspiration from a mystical beach near her home in Western Australia. Named after the wife of the sea captain who stumbled upon the beautiful beach in 1913, Rudgyard Beach still has discreetly inscribed symbols on the rocks notating tribal visits from the aboriginal people. The book has knitting projects for the whole family - Mum, Dad, kids, grandparents - and for knitters of all skill levels. Jo's designs are colourful and stylish without being complicated to knit. Top knitwear fashion designer, who creates colourful intarsia knitwear for fashion boutiques throughout Australia. Her two previous books: Knitting Bazaar (1-56158-364-2), Knitting Emporium (1-56158-443-6), Knitted Sweater Style (1-56158-189-5). Easy-to-follow patterns and designs for all levels of knitters - no complicated knitting. Complete charts and instructions for each project Beautiful lush full colour fashion-spread-style photography of the finished knitted articles. Another winning design collection from Jo Sharp. The designs are fresh and the instructions easy-to-follow.
