This breathtakingly photographed volume offers an inside, and outside, look at twenty-two lovingly restored homes, labours of love by people whose passion for Italy just couldn't be ignored. Owners and designers share anecdotes about their experiences with local artisans, vendors, and bureaucracy, while offering real-world advice on the tactics of restoring a house in a foreign country. Whether the plan is to

embark on a complete redesign, begin a restoration, or just move in and let the house evolve on its own, home owners and dreamers alike will value the information and thrill to the dream of Restoring a Home in Italy. This is a book at once lush and beautiful, and invaluable practical.
