装帧:Paperback

isbn:9780226423227

For more than a decade, Pulitzer Prize-winning "Chicago Tribune" architecture critic Blair Kamin has been writing fiery, intelligent essays on the state of contemporary architecture. His subjects range from high-rises to highways, parks to public housing, Frank Lloyd Wright to Frank Gehry. "Why Architecture Matters" collects the best of Kamin's acclaimed columns, offering both a look at America's foremost architectural city and a taste of Kamin's penetrating, witty style of critique.
