

# Sustainable Energy System Engineering

[Sustainable Energy System Engineering 下载链接1](#)

著者:Gevorkian, Peter

出版者:McGraw-Hill

出版时间:2006-10

装帧:HRD

isbn:9780071473590

This is the only complete design resource for sustainable energy systems geared towards engineers. This highly visual resource goes beyond theory and provides solid, hands-on mechanical and electrical engineering information on the design and installation of sustainable energy systems. You will find everything you need - including

real-world case studies - to develop the most energy efficient systems possible for a wide variety of projects.
