Graced with a warm tropical climate, plenty of indigenous building materials and

Asian- and Latin-inspired style, the Philippines is home to some of Southeast Asia's most creative architects and interior designers. "Tropical Living" explores the balance of form and functionality present in these houses, and examines the diverse residential design styles found in the city, the countryside, the mountains and by the sea. With over 200 full-color photographs, "Tropical Living" is an inspirational sourcebook of contemporary life. Praise for the hardcover: "A new generation of young Filipino designers is exploring stylish, sophisticated ways to keep spaces cool and airy." -"Washington Post"
