isbn:9781423601067

A dazzling photographic journey, Casa Yucatan focuses on architectural elements, water spaces, and open-air living in houses both colonial and contemporary, including haciendas and coastal retreats. The Yucatan has undergone a remarkable restoration renaissance of late: ancient pyramids now share the dense jungle landscape with

revived haciendas, and colonial homes boasting high-beamed ceilings and cool tile floors posture amidst elegant plazas and renovated nineteenth-century mansions.
