After five successful books, Teen Ink: Written in the Dirt offers a startlingly different collection that presents teens' innermost thoughts. These teen-authored fictional stories are filled with incredible character development, gripping plots, imagination and, of course, insight into the human condition. Their poems sing, soar and capture the essence of teen life. Consistent throughout this smash series, teens who have written for Teen Ink magazine candidly share their real voices, while poignant photography and artwork also capture their extraordinary talents and thoughts.
