Satoshi Itasaka is a designer who is active at his overseas bases, such as the Milano Salons. Feeling the crisis in modern society, the message he tries to convey through his works is to commit his hopes to the future by believing in the power of design.

He develops his products with the themes expressed in his book, “Designs that examine the Beauty made in Japan” .

It is the first collection of his works.

现在颜值高的都用银灰色~

比较前卫的家具和装置艺术的展示。
