The Mac OS X Command Line

[The Mac OS X Command Line_下载链接1_](#)

著者:McElhearn, Kirk

出版者:John Wiley & Sons Inc

出版时间:2004-12

装帧:Pap

isbn:9780782143546

The Mac command line offers a faster, easier way to accomplish many tasks. It's also the medium for many commands that aren't accessible using the GUI. The Mac OS X Command Line is a clear, concise, tutorial-style introduction to all the major functionality provided by the command line. It's also packed with information the experienced users need, including little-known shortcuts and several chapters devoted

to advanced topics. This is a book to get you started, but also a book you won't soon outgrow.
