The situation is dire for British forces in the Mediterranean, and Commander Nick Everard and his son Jack find themselves in the midst of chaos. Aboard separate ships, the Everards are part of a flotilla patrolling the Aegean. There they face the terrifying bomber attacks of German Stukas as they struggle to save as many of the evacuating troops as possible. But when the order comes for one last lift from Crete, the decimated flotilla must make a suicide run--and only a miracle can save them!
