著者:[美] Donald J. Boudreaux

出版者:The Fraser Institute

出版时间:2014-9

装帧:

isbn:9780889753082

Nobel laureate economist F.A.Hayek first revolutionized economists' understanding of markets, and then profoundly challenged the public's understanding of government. Hayek is one of only a few social scientists over the past 200 years who thoroughly rethought the relationship between individual people and both the market and the state. While countless works have discussed the importance of Hayek and his ideas, none have focused on making his core ideas accessible to average people. This volume highlights and explains Hayek's basic insights in plain language to ensure that his critical ideas about the nature of society are both accessible and enduring.

作者介绍:

Donald Joseph Boudreaux is an American economist, author and professor. He is publicly known as a libertarian.

目录: 1. How we make sense of an incredibly complex world
2. Knowledge and prices
3. Individual flourishing and spontaneous order
4. The rule of law, freedom, and prosperity
5. Legislation is distinct from law
6. False economic security and the road to serfdom
7. Economic booms and busts

评论

了解自由派经济学家代表人物的观点。有一个观点，自己印象很深：我们每一个人只有一个或两个生产者的身份，而却扮演了很多购买者身份，因此，如果减少工资或裁员，我们将会深受影响，但是商品涨价对我们的影响相比要小得多。

<http://www.essentialhayek.org> <https://tcya.gitbooks.io/the-essential-hayek-translation>

哈耶克这名字无数次听说，如今总算知道他开创的经济学派到底是啥啦。感谢这本迷你小介绍。

翻过

写得很生动，但是有点太口语化了

旅游途中看看

毕竟就是个简介，逻辑过于简单，浮于表象且过于理想化。不到100页也就反复叨叨着社会太复杂，没有组织或政府能完全弄明白，所以自由化的资源配置才最有效。。。真想了解还是得上原著才行。。。

有的地方遣词造句不是一般的罗嗦。

看的时候正在思考区块链技术，觉得Hayek关于需求的拼图比喻非常有趣，有启发，对于区块链技术来说，无中心、无计划，也符合这个特点，有翻译了。<https://tcya.gitbooks.io/the-essential-hayek-translation/content/>

没时间没精力读大部头，看看这种介绍性小书也不错，作为门外汉觉得总结的挺精要，对背后原因解释也到位。

evolve

A brief and clear introduction to the thoughts of F.A. Hayek. The role of the market and people's self-interest in economy and social activity are emphasized.

小书，对于哈耶克基本的观点都有阐述

哈耶克思想简易解读

我这种门外汉读刚好，简单易懂，当科普看。

原来这是我看完的第一本英文书…

<https://tcya.gitbooks.io/the-essential-hayek-translation/>

很棒的梳理

深刻的思想 有力的洞见

通俗易懂，不过内容也都是十分essential的。

书评

之前译言上有人译了第一章，剩下的我翻译了，附带的几个小视频也一块翻了。欢迎大家提意见。 <http://tcya.github.io/2016/03/06/Essential-Hayek-translation.html>
