A new edition of the classic reference will be even more useful for collectors of 19th and 20th century Lambeth wares: it includes more than 400 illustrations featuring

designs by leading studio artists as well as many examples by lesser-known assistants. All different types of Doulton Lambeth wares are depicted in full color so that collectors can identify pieces when they appear on the market. Detailed sections on marks and monograms make it the most comprehensive book ever published on the subject.
