A sequel to The World of Wade, this even larger book continues the Wade story. Here Warner and Posgay share more information and beautiful illustrations of figurines, animal figures, cartoon figures (including Disney), premiums, flowers, money banks,

souvenirs, whimsies, tankards, flower jugs, vases, teapots, cream and sugar sets, advertising wares, liquor decanters, tableware patterns, and royal commemoratives. In all, more than 1,300 items are pictured in full color, plus hundreds more in black and white. This book adds tremendously to our knowledge of Wade. Of special interest is an updated history of the Wade potteries, including a section on decorators and designers. Backstamps, reproductions and reissues also receive careful attention. Well indexed for easy reference, this book comes with a recently updated price guide.
