Review

'The urban design primer of the year ... this is a book covering the richness of the urban design debate with ideas ranging from the inspiring to the absolutely barmy - it is a vital introductory read for students of urban design and a valuable pot pourri of the current urban design debate.' - Green Places

'The value of this collection ... is that it does not limit itself to recount what is but to

challenge established orthodoxies - including those of existing urban designers.' - Urban Design

Product Description

This book explores new concepts and points the way towards a series of urban design paradigms for the twenty-first century.
