On 26 August 1974, Michel Foucault completed work on *Discipline and Punish*, and on that very same day began writing the first volume of *The History of Sexuality*. A little under ten years later, on 25 June 1984, shortly after the second and third volumes were published, he was dead.

This decade is one of the most fascinating of his career. It begins with the initiation of the sexuality project, and ends with its enforced and premature closure. Yet in 1974 he had something very different in mind for *The History of Sexuality* than the way things were left in 1984. Foucault originally planned a thematically organised series of six volumes, but wrote little of what he promised and published none of them. Instead over the course of the next decade he took his work in very different directions, studying, lecturing and writing about historical periods stretching back to antiquity.

This book offers a detailed intellectual history of both the abandoned thematic project and the more properly historical version left incomplete at his death. It draws on all Foucault's writings in this period, his courses at the Collège de France and lectures elsewhere, as well as material archived in France and California to provide a comprehensive overview and synthetic account of Foucault's last decade.

作者介绍:

Stuart Elden is Professor of Political Theory and Geography at the University of Warwick

评论

google上看了第一章,导读性质比较多.看目录只有讲性史第四部的 “The two historical plans of the history of the sexuality”一章有点新意。最近几年关于他对基督教的性技术解读一手二手文本越来越多，看来第四部是真快出了
