The American townhouse is one of the most popular house types in urban America. This comprehensive volume tours the reader through 25 stunning examples of townhouses and rowhouses from Boston to Brooklyn, St. Louis to San Francisco. Radek Kurzaj's striking photographs complement a fascinating text by nationally recognized historic-house expert Kevin Murphy about the townhouse as cultural

phenomena, as well as the unique design peculiarities, construction records, and ownership histories of these 25. Included are some of the country's finest townhouses, including the famed Nathaniel Russell House in Charleston; Teddy Roosevelt's New York birth house; the Payne and Helen Hay Whitney House in New York; and the Glenn and Ida Moore House in Rancho Santa Fe. An important book for townhouse dwellers and a captivating read for anyone interested in the history of how we live in America, this book will be widely regarded as a primary reference on this important subject.
