The Urban Land Institute has again cooperated with Visual Reference Publication to cosponsor this fifth volume titled Urban Spaces No. 5 showcasing more than 140 outstanding urban/mixed use design projects by leading architects, landscape architects, urban designers and planners. These projects from around the world are collected, beautifully photographed and presented with illuminating text by John M. Dixon, FAIA. This 290-page volume with over 500 beautifully reproduced full-color images is an invaluable reference for urban planners, public officials, building committees, and professionals who are responsible for the planning, design, and construction of urban developments of all kinds.
