Winner of the Midwest Book Award for Commercial Fiction, *Greater Trouble in the Lesser Antilles* is the vivid tale of Captain Brian, a part-time sailor/philosopher and full-time hedonistic hero in the paradisiacal Caribbean. When his friend Leif the Thief is found dead at the bottom of a cistern, the much younger, seductive Billie insists that they team up (in more ways than one) to solve the crime. Meanwhile, a federal agent and a local constable make it their business to complicate Captain Brian's carefree existence, driving him to consider leaving beautiful Flamingo Bay forever.
