Insects live all over the world and are food for many animals, including other insects. Children will be fascinated to learn about the many ways these tiny creatures defend themselves against predators. Well-written text, full-color photographs, and clearly labeled illustrations help children discover the many ways that insects defend themselves. The World of Insects series provides children with an overview of the important characteristics of insects and their relationships to the other living things on

Earth. Fascinating and easy to read, this beautiful set of books outlines significant details and concepts in clear and simple ways. Children will be eager to investigate the incredible world of insects Each book includes a fun and interactive activity page.
