Readers at Risk is designed to provide grade-level-appropriate material for struggling special education students and for students who are testing below their grade level. Many of the book's vocabulary building activities are designed to build students'

confidence and include easy-to-identify answers in the form of questions or quotations. Readers at Risk focuses on nonfiction and testing prompts, taught with engaging crossword puzzles and fun magic squares. It makes the reading experience and word play more enjoyable for exceptional students without creating more paperwork for teachers. Readers at Risk includes a wide-range of activities across the curriculum on topics appealing to high school readers.
