If you've recently installed the latest Windows XP update, Service Pack 2, or just want to

get to know your operating system a little better, you'll want this thoroughly updated, task-based reference from veteran author Chris Fehily. In typical, to-the-point, Visual QuickStart style, Chris gets right down to business, introducing you to the Window XP interface before moving on to topics such as installing and removing programs; working with documents, accessories, and multimedia; going online; printing; handling hardware issues; and maintenance. Step-by-step instructions and loads of tips, tricks, and visual aids make all of Windows XP's features instantly accessible, including those new in Service Pack 2: Windows Security Center, Pop-Up Blocker, Windows Firewall, and more! In no time, you'll be using the desktop, working with files, and using Internet Explorer, Outlook Express, Windows Media Player, Movie Maker, and more.
