出版时间:2003-6-23

装帧:Paperback

isbn:9780789729033

Special Edition Using Macromedia Director MX is a comprehensive guide to creating and publishing Director movies. The book includes complete coverage of the newest version of Director, from advanced issues such as Lingo scripting and multi-user applications on how to employ the 3D API. This edition includes more coverage of

multi-user applications, using 3D media, efficient sprite editing with the context-sensitive Property Inspector, increased control of cast members through the Cast Manager, vector drawing tools that add illustration capability, and special imaging effects and transition behaviors to add pizzazz and drama to applications.
