This certification exam measures your ability to develop and implement middle-tier components, server components, and XML Web services by using Visual Studio .NET and the Microsoft .NET Framework. This exam counts as a core credit toward the new MCAD (Microsoft Certified Application Developer) certification as well as a core credit toward the new MCSD .NET track. The Training Guide series is the most successful self-study tool in the market. Its teaching methodology is superior. The accompanying

CD features PrepLogic testing software, which includes one complete PrepLogic Practice Test with approximately the same number of questions found on the actual vendor exam. Each question contains full, detailed explanations of the correct and incorrect answers. You can also find outstanding Web site support at www.examcram.com. This book is your one-stop shop!
