Leo Laporte, TechTV's resident Mac technology guru, is going to show all you Mac lovers how to take your Mac to the limit -- and beyond! There are a plethora of gadgets and add-ons available for Mac users, but not many books available to guide you through choosing one and then figuring out how to make it work. That's where Leo

Laporte's Mac Gadget Guide comes in. Leo will show you how to set up and use a variety of Mac gadgets, including iPods, PocketPCs, PDAs and more. Also, Leo will give you an insider's look at how to live with your Mac, from making home movies to burning DVDs to working online. You'll even find out how to upgrade your Mac hardware on your own. This book is a must for any Mac lover, new or old!
