In this ground-breaking anthology, Ariel Gore and Bee Lavender ask real moms — from Web site designers to tattoo-clad waitresses — to laugh, cry, scream, and shout about motherhood. Allison Crews fights to have a voice and be recognized as a teen mother. Angela Morrill eschews both doctors and midwife and gives birth at home. Kimberly Bright draws compelling comparisons between “raising a toddler and having a psychotic boyfriend.” For every young mom, Breeder offers inspiration, strength, wisdom, and humor. Contributors include Allison Crews, Beth Lucht, Ayun Halliday, Peri Escarda, Allison Abner, and Kimberly Bright.
