A Fancy Affair Bridal Salon Forest Hills, Queens "Did you know that one of your hips is higher than the other?" the seamstress asked me in a totally conversational tone. The bridesmaid to my left eyed me in the mirror, then her gaze dropped to my hips. "I didn't," I said. "I never knew that. But I'm glad you told me." The seamstress had the decency to look embarrassed. She ducked her head back down and continued pinning. Perhaps that had been the reason why Blind Dates One, Two and Three hadn't been interested. It wasn't the smoking, after all. It was my Hip Issue. And just my luck that Blind Date Four was with a doctor, whose business it was to notice such deformities. See Jane Date will speak to singles everywhere. At once warm and witty, this look into the life of twenty-eight-year-old assistant editor Jane Gregg, screams, "You are not alone!" Case in point: See Jane . . . --Endure two months of bridesmaid hell for her younger cousin's wedding --Brilliantly dodge being fixed up with Grammy's next door neighbor by fibbing that she, um, already has a boyfriend --Date . . . like crazy to find one suitable guy to bring to said wedding Okay, find one suitable guy to love. Was that so much to ask?
