"Mr. Mani" is a deeply affecting six-generation family saga, extending from nineteenth-century Greece and Poland to British-occupied Palestine to German-occupied Crete and ultimately to modern Israel. The narrative moves back through time and is told in five conversations about the bizarrely fated Mani family. The climax takes place in Athens in 1848, with Avraham Mani's overpowering tale about the death of his young son, Yosef, in Jerusalem. This is a profoundly human novel, rich in drama, irony, and subtle wit.

改成五颗星！这本书读了好多遍才见见明白怎么回事，结尾的高潮有种另人心痛悲凉无奈，又血腥重口味恐怖扭曲的，壮烈感
