

An Introduction to Hydrogen Bonding

[An Introduction to Hydrogen Bonding](#) [_下载链接1](#)

著者:Jeffrey, George A.

出版者:Oxford Univ Pr

出版时间:1997-3

装帧:Pap

isbn:9780195095494

This text is intended as an easy-to-read supplement to the often brief descriptions of hydrogen bonding found in most undergraduate chemistry and molecular biology textbooks. It describes and discusses current ideas concerning hydrogen bonds ranging from the very strong to the very weak, with introductions to the experimental and theoretical methods involved. It is aimed at intermediate level courses in chemistry, biochemistry, structural biology, and crystallography.
