In the alternate universe of this glitteringly surreal novel, the Aztecs rule, having conquered the European invaders. Zenzontli, Keeper of the House of Darkness, is visited by visions of a parallel world run by the Europeans, where consumerism reigns

supreme. Aztecs armed with automatic weapons, totemic powers, and blood sacrifice, conquer and colonise 1940s Europe. Atomik Aztex is a hilarious read, surprising and sometimes shocking. A potent concoction, with influences from graphic novels, along with Ishmael Reed's Mumbo Jumbo, the paranoia of Philip K. Dick and William Burroughs.
