Award-winner John Lutz is one of today's most accomplished writers of suspense fiction, consistently penning taut, tense and truly terrifying psychological thrillers that have won praise from readers and reviewers alike. In "The Night Caller," Lutz once again combines fast-paced storytelling with an intriguing, original premise to produce an enjoyable, satisfying read. When he stumbles across his only daughter's corpse in a deserted beachfront bungalow, Ezekiel Cooper is devastated and vows to find her murderer. What the former NYPD detective doesn't know is that there have been other victims. Women in Queens, Sarasota, Seattle. Women who seemingly had nothing in common, aside from a grisly fate at the hands of a chillingly clever stranger. Bent on unmasking the shadowy culprit, Coop soon crosses paths with Cara Callahan, who's determined to lure in her sister's killer by transforming herself into someone just like her sister. But by changing her appearance, her job, even her routine, Cara's plan may be working too well. Because lurking in the shadows, just as Coop feared, the elusive serial killer known as the Night Caller watches her every move...preparing to pounce again.
