Raised as a pirate's daughter, Amanda Carre has not been tutored in the finer social graces. Alone in the world, she has never depended on anyone, until fate intervenes when Cliff de Warenne rescues her from a mob at her father's hanging. Now she must set sail for England to find the mother she never knew, and her chaperone is an infamous ladies' man.... The greatest gentleman privateer of his era, Cliff knows honor demands that he see this beautiful wild child to London and into her socialite mother's arms. He's aware that Amanda is utterly unprepared for a debut in London's ton, so his only recourse is to become her guardian and champion her transformation into a lady--and find her a suitable match. But with every passing moment it becomes harder to deny his jealousy and ire--until Amanda makes her stunning debut, a lady at last. And when his passion is finally released, their love can no longer be denied.
