This GreenSource guide offers comprehensive information on how to recycle as much as 95 percent of new construction and demolition waste, reuse existing materials, and comply with U.S. Green Building Council (USGBC) LEED waste management guidelines. Recycling Construction & Demolition Waste provides the strategies and tools you need to develop and implement a successful jobsite waste management

plan. This practical resource also covers other programs that promote sustainable construction, such as the International Code Council's ICC-ES program, the National Association of Homebuilders (NAHB) Green Building Program, the Green Building Initiative Green Globes Program, BREEAM, and more.
